

# COLBERT COUNTY SCHOOLS

Updated General Mask Guidelines Effective April 12th

With the expiration of Alabama's Mask Order on April 9th, and based on the Low Risk Phase General Guidelines recommended by the Alabama Department of Public Health, all Colbert County Schools will implement the following General Mask Guidelines beginning April 12th.

Continue to maintain social distancing in all school settings as much as possible.

Face coverings must be worn when social distancing is difficult to maintain, but are not required in socially-distanced settings.

Building administration will determine the most appropriate safety measures for each area/classroom in each building.

Any school building with 3 or more confirmed positive cases will immediately return to fully required masking guidelines.

## REMEMBER

Hygiene measures, physical distancing, good hand-washing practices, and symptom monitoring are still very strongly encouraged and necessary to maintain the Low-Risk phase in each of our schools.
